ABOUT ME

MERN Stack Developer with hands-on experience in REST APIs, JWT authentication, Redis caching, and real-time systems using WebSockets. Proficient in Docker containerization, Git workflows, and performance optimization. Seeking an internship to build scalable, production-ready applications.

SKILLS

- Frontend: React.js, Redux, Context API, Tailwind CSS
- Backend: Node.js, Express.js, RESTful APIs, JWT Authentication
- Databases & Caching: MongoDB, Redis
- Real-Time Communication: WebSockets
- DevOps & Version Control: Docker, Git, GitHub
- Security: SSL/TLS
- Testing: Postman

PROJECTS

Student ERP System - MERN Stack | MongoDB Atlas | Docker | Cloudinary | JWT

- Implemented JWT-based Authentication and Role-based Authorization (Admin, Teacher, Student).
- Designed and developed RESTful APIs using Node.js and Express.js.
- Integrated MongoDB Atlas for structured data management and persistent storage.
- Utilized Cloudinary for secure cloud-based media storage and optimized image handling.
- Integrated Redis caching to improve API performance and reduce response time.
- Containerised the application using Docker for consistent deployment environments.
- Built a responsive frontend using React, Context API, and Tailwind CSS.
- **GitHub :** github.com/rounakseth0705/Student-ERP

Real-Time Chat Application - MERN Stack | WebSockets

- Developed real-time messaging using WebSockets for bidirectional communication.
- Implemented secure JWT-based authentication and protected API routes.
- Engineered scalable RESTful API endpoints to manage user sessions, message history, and chat workflow operations.
- Utilized MongoDB for efficient message storage, user data management, and conversation persistence.
- Integrated Cloudinary for secure cloud-based image sharing and media handling within chats.
- Managed global state using Redux and built a responsive UI with Tailwind CSS.
- **GitHub :** github.com/rounakseth0705/Quick-Chat

ACHIEVEMENTS

3rd Rank - Code Odyssey Hackathon (April 2025)

- Achieved 3rd place among 100+ teams by designing and delivering a full-satck application under intensive time constraints, demonstrating strong problem-solving and rapid development skills.

EDUCATION

Bachelor of Computer Applications (BCA)
IIMT Group of Colleges, Greater Noida (2024-2027) | CGPA: 7.55
